CoolSculpting Elite Price

October 1, 2022

How Much Does CoolSculpting Elite Cost

CoolSculpting Elite cost is a valid concern, especially for those who are investing a significant amount of money to achieve the body of their dreams. While it is a common concern for people, it should not be the only thing you consider before selecting your CoolSculpting Elite provider.

Read on to learn more about CoolSculpting Elite price and how to receive the most affordable body contouring in the B Paso, Texas, area with Azul Medspa.

Benefits of CoolSculpting Elite

- Safely reduces stubborn fat deposits
- Non-surgical alternative to liposuction
- Targets love handles, thigh fat, belly fat, double chins & more
- Treatments are virtually painless
- Non-invasive with no downtime
- Results look natural and last
- Sculpt musculature and attractive curves

The CoolSculpting Elite Treatment

Understanding the CoolSculpting Elite treatment makes it easier to know how CoolSculpting Elite prices work. To begin, a single CoolSculpting Elite applicator is used during a cooling session. The applicator administers the cooling technology over the target area, delivering "freezing" temperatures to the subcutaneous fat cells under the skin's surface. Then, the applicator draws those fat cells to the surface and effectively "freezes them to death." Depending on the applicator's size, the cooling session may last anywhere from 30 to 90 minutes to complete. One cooling session using one applicator is considered a cycle.

[Related Article: What is CoolSculpting Elite?](#)

CoolSculpting Elite Price Structure

CoolSculpting Elite prices depend on the amount of cooling cycles and the type of applicators used during each cooling session. For example, mirrored treatments, like treatments for the love handles or flanks, required treatment with an applicator on both sides. This is considered two cycles.

CoolSculpting Elite Applicator Size and Shape

CoolSculpting Elite applicators come in all different sizes and shapes. Each handheld device is unique for the area it treats. CoolSculpting Elite technology provides personalized fat freezing with versatile applicators. The size and exact number of applicators needed to target a specific treatment area depend on the patient and their unique needs.

For example, freezing belly fat on one person's abdomen may require using two small applicators. For a different person, it may require the use of one large applicator to cover more area.

During your consultation with Azul Medspa, you undergo a physical evaluation to determine if CoolSculpting Elite suits you. Once they determine that fat freezing is suitable for your body and needs, they then decide which applicators would best treat your designated treatment zones. Different applicator sizes cost different amounts. For example, a large applicator covering double the treatment size of a small applicator costs more than smaller applicators.

How to Save on CoolSculpting Elite Cost?

There are many ways to save on your CoolSculpting Elite price. Purchasing a treatment package gives you a discount on the overall price. CoolSculpting Elite specials are another excellent way to save on your fat reduction treatment.

Find Out How Much CoolSculpting Elite Costs

What is CoolSculpting Elite?

October 15, 2022

What is CoolSculpting Elite? How does it work? Will it reduce stubborn fat? Millions of people each day want to know more about this revolutionary treatment and how it is the perfect non-surgical alternative to liposuction. No matter your questions, we have the answers at Azul Medspa in El Paso, TX. We are proud to be a leading provider of the [innovative CoolSculpting Elite](#).

Read on to learn more about the cooling treatment and discover how you can cool sculpt your dream body without any surgical drawbacks.

Understand How CoolSculpting Elite Works

CoolSculpting Elite is a fat reduction treatment. It uses advanced cooling technology, Cryolipolysis, to eliminate fat cells by "freezing" them to death. The scientific term for this technology is Cryolipolysis. The cooling technology was developed by two Harvard scientists who discovered that fat cells are more susceptible to cold temperatures. When exposed to precise cooling, the fat cell nurtures and eventually dies. This triggers a natural immune response that collects the dead cells and removes them from the body entirely.

The discovery of Cryolipolysis led to the cooling technology used in the CoolSculpting Elite equipment. As a result, treatments safely expose stubborn fat bulges to temperatures that freeze the subcutaneous fat cells under the skin without harming surrounding tissues or cells.

What is CoolSculpting Elite Intended for?

CoolSculpting Elite is a treatment for healthy men or women struggling with problem areas of stubborn fat resisting diet and exercise. It features non-invasive technology so you can achieve fat reduction that is safe, painless, and requires minimal downtime, unlike the surgical alternative liposuction.

[Learn about CoolSculpting Elite costs](#)

The most popular treatment areas for CoolSculpting Elite include the lower belly, inner thighs, and back fat. However, the advanced treatment conquers stubborn bulges from the chin to the knees. CoolSculpting Elite treats the following areas:

- Thighs (inner and outer thigh fat)
- Upper arm fat
- Submental area (double chin and neck fat)
- Fat above the knees
- Back fat
- The chest (popular among men with moobs or man boobs)
- Annapits (bra bulge)
- The hips and flanks (love handles)
- Abdomen (belly fat)
- The area below the buttocks (banana roll)

What is CoolSculpting Elite Not Intended For?

CoolSculpting Elite is not a weight loss treatment. Instead, it is a body-shaping treatment. It reduces isolated areas of stubborn fat. Unlike weight loss treatments that merely shrink fat cells, CoolSculpting Elite removes them from the body. Over time, after your treatment protocol, the body collects the dead cells and removes them from the body using the lymphatic system.

Further, unlike weight loss treatments that preserve the cell's ability to re-expand with future weight gain, fat cells are removed from the body for good. The dead fat cells, once removed, cannot grow back or return. Best of all, CoolSculpting Elite improves fat freezing results when compared to the original treatment. CoolSculpting Elite is capable of reducing TWICE the amount of fat cells in LESS time.

Is CoolSculpting Elite Right for Me?

Now that you know more about the revolutionary treatment, you may be wondering, "What is CoolSculpting Elite going to do for me?" The best way to learn more about fat freezing and determine if this treatment is suitable for you is to schedule a consultation with Azul Medspa in El Paso, Texas. We have two locations to serve our clientele better, Medspa East (915) 317-8212 and Medspa West (915) 584-2985. Call us or reach out to us online to learn more.

THE PHYSIOLOGY OF BELLY FAT

Many things affect the number of fat cells in the body, such as age, diet, genetics, hormones, and even stress in a few cases. Once we reach adulthood, the total number of fat cells in the body is fixed. After eating a meal, excess calories that are not used for energy are stored in fat cells. The body's response to fat is to store it for later use. The body's response to fat is to store it for later use. The body's response to fat is to store it for later use.

UNDERSTANDING OUR COOLSCULPTING ABDOMEN TREATMENT

CoolSculpting abdomen treatment results that are similar to natural fat reduction. Unlike liposuction, which involves a surgical incision, CoolSculpting is a non-invasive procedure that uses controlled cooling technology, CryoLipolysis, or "Freeze" technology to break down fat cells that commonly gather in the abdomen. During your CoolSculpting abdomen treatment, your medical professional will use the CoolSculpting Elite device to freeze the fat cells. The procedure is controlled cooling fat reduction technology.

DIGITAL MARKETING AGREEMENT

At all times the media, websites, and graphics we create custom for you, are your property. There is a sixth-month minimum for SEO services. The agreement will auto-renew monthly. Subsequent monthly recurring charges may be canceled at any time with 45 days' notice prior to your final billing period. Medstar Media, Inc. is not obligated to provide any subsequent services if monthly recurring charges are not received. All marketing purchasing accounts will be in your name. If additional costs are necessary for any service needed for you, we will obtain your approval first. You agree to keep an active payment method to pay for our monthly services on autopay

This agreement shall be interpreted under the laws of the State of Utah, and exclusive jurisdiction shall be the courts in Salt Lake County, Utah. You further agree that in any event, Medstar Media, Inc.'s limits of any liability to you shall not exceed the amounts paid by you to Medstar Media, Inc. Time is of the essence, and if any provision of this agreement is found unenforceable, the remaining provisions shall bind the parties.

The return on your marketing investment will vary based upon your location, pricing, and business goodwill, which can also be affected by market forces beyond anyone's control. Earnings and web rankings of other clients may not be the same as yours in your market. We, therefore, cannot, and do not, promise any specific rate of return on your advertising spend.

You further agree to the terms, conditions and descriptions listed above.
