Add on Dermaplaning

Additional \$40

Mechanical exfoliation that removes dead skin and facial hair

Chemical Peels

Chemical peels are treatments that can improve the skin's appearance by shedding off dead skin to reduce fine lines and wrinkles. They are also used to improve certain types of acne, sun damage and improve skin texture. For optimal results we recommend 4-6 peels spaced 2-4 weeks apart.

Anti Aging Peel \$135

Acne Peel \$135

Pigment Balancing Peel \$175

Advanced Corrective Peel \$175
