# CareCredit Direct is a web-based software that allows your patients or clients to:

- Learn about the CareCredit healthcare credit card.
- Calculate monthly payments based on promotions you accept.
- Apply for a CareCredit credit card and get an instant credit decision.
- Make same-day transactions of any size.<sup>1</sup>
- Select their promotion from options you accept and get clear and complete financing information.

**All on their own. Right in your practice.**

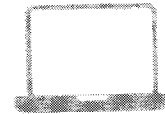

## Just follow these three steps to get started.

- 1 Install CareCredit Direct on patient or client accessible tablets or PCs.

I'd like to: (choose one)

Install on Tablet

Install on PC

*CareCredit Direct is a direct-to-consumer tool and patients or clients must complete the credit application on their own. Your Merchant ID, ZIP code and CareCredit Pro User Name are required at first time set-up.*

- 2 Customize your practice settings within the tool.
- 3 Ask patients or clients if they would like to apply today!
