

LIVWELL PROGRAM

YOUR CUSTOM SUCCESS
PLAN TO HEALTHY LIVING
AND BECOMING THE BEST
VERSION OF YOURSELF

OUR COMPREHENSIVE PROGRAM

A state-of-the-art diagnostic test that measures vital aspects of health, assessing function and efficiency to help us determine the root cause of any issues or symptoms, and the best course of treatment.

- In Depth Provider Consultation

One of our providers will discuss medical history lifestyle in depth, perform a physical exam, review testing, discuss treatment options and answer questions.

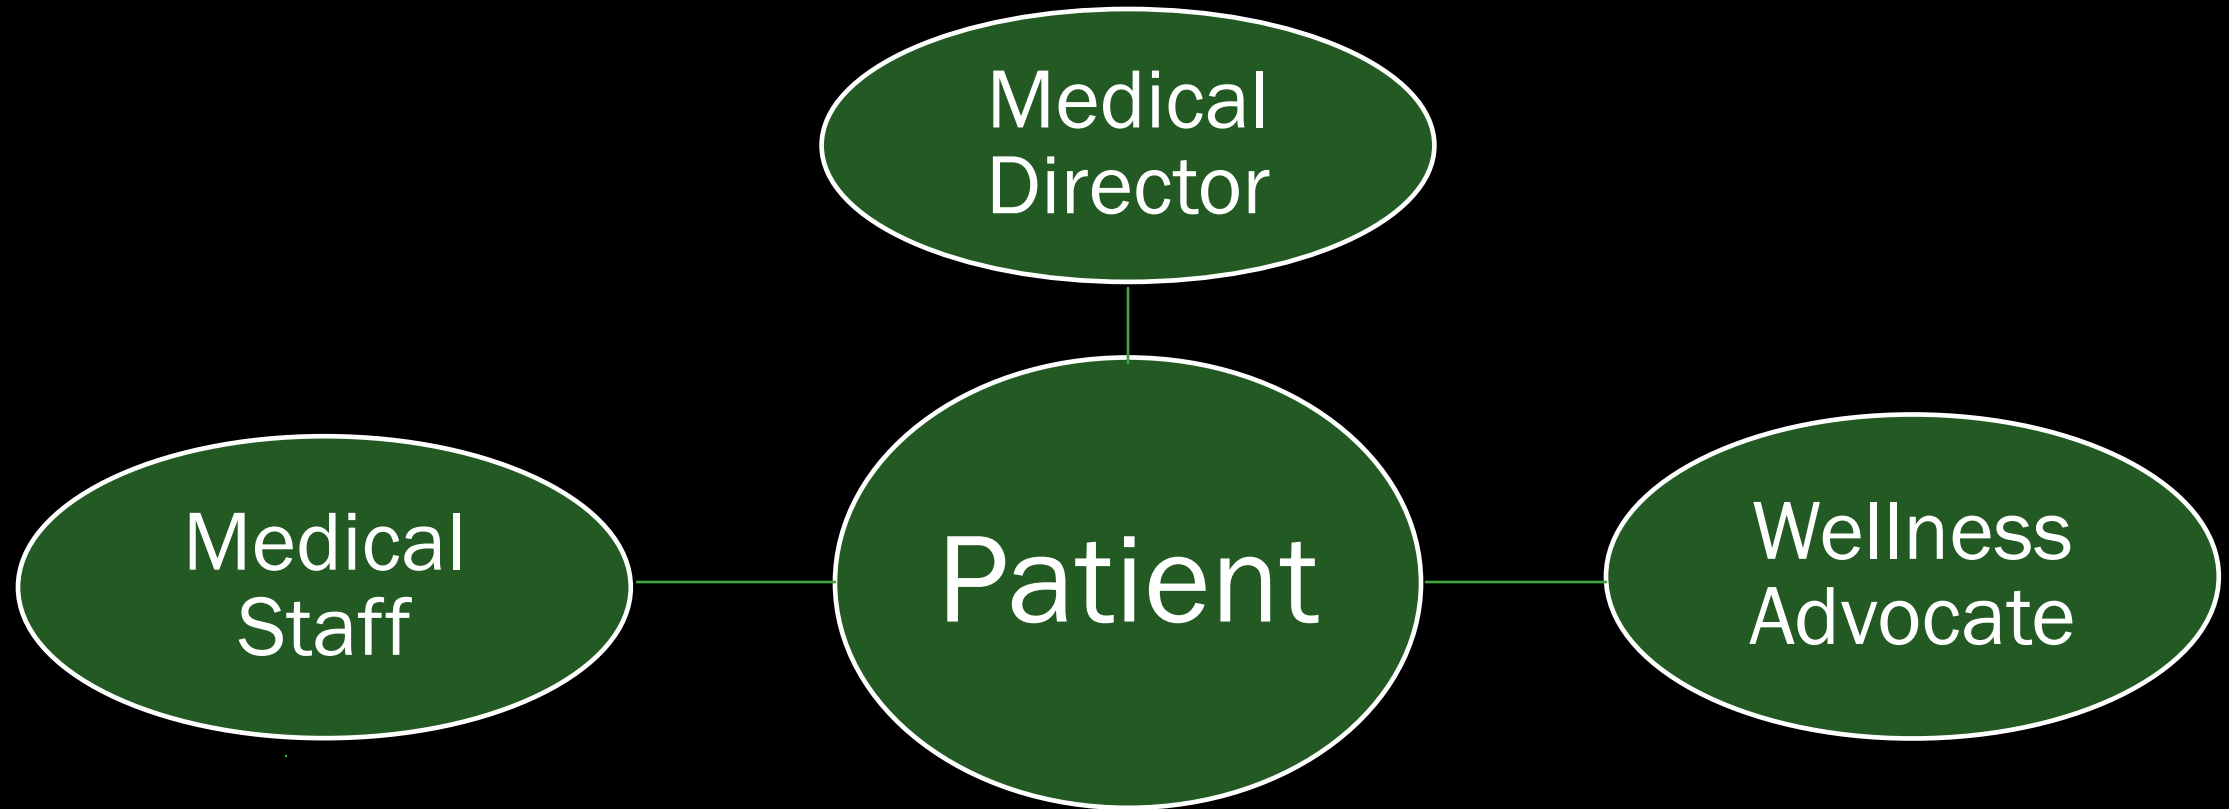

- Your LIVwell profile

The unique LIVwell report, personal wellness protocol and monitoring schedule will identify the specific and customized treatments and follow up plan recommended to help patients reach their health, wellness and anti-aging goals.

- Dedicated Wellness Advocate

Our concierge medicine and nutrition service begins with the assignment of a patient advocate who is always available to help guide patients through our process, answer any questions, and track progress.

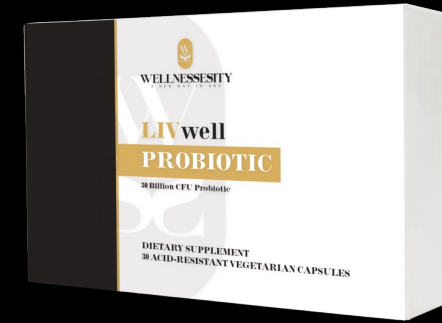

PATIENT CENTERED CARE MODEL
