Body Contouring Near Me | CoolSculpting and Emsculpt NEO

When searching for 'body contouring near me' online, you will come across many surgical and non-invasive treatment options. Body contouring refers to revolutionary cosmetic procedures that employ either surgical or non-surgical methods to shape and define the physique. Around the world, millions of people are choosing body contouring treatments to tighten their skin, strengthen muscles, and reduce stubborn bulges. There are benefits to both surgical and non-surgical options. What treatment is best for you depends on your aesthetic goals and desired results. Read on to learn more about surgical and non-invasive body contouring procedures.

[Learn about reducing stubborn fat in non-invasive ways >>>](#)

Surgical Contouring

Liposuction remains the most popular surgical body contouring procedure to date. Other popular surgical methods for lifting sagging skin or removing excess skin are the facelift and tummy tuck procedures. Surgical body contouring is highly effective. However, the invasive nature of cosmetic surgery involves aspects some adults shy away from. Surgical body shaping will often involve long recovery periods, scalpels, general anesthesia, scars, stitches, and more.

[See the impressive CoolSculpting before and after images>>](#)

Non-invasive Body Contouring

Luckily, advancements in cosmetic treatments have modernized body contouring. CoolSculpting is a prime example of revolutionized body shaping. Using controlled cooling, CoolSculpting treatments effectively reduce stubborn fat from almost any area on the body. Emsculpt NEO is another revolutionary treatment that employs two powerful energies to simultaneously melt away fat while building stronger muscles. Both these methods are FDA-cleared as safe and effective. Many medspa across the nation are offering non-invasive treatments to those who are looking to sculpt the body of their dreams without surgery.

[Related Article: "Liposuction vs CoolSculpting" >>>](#)

CoolSculpting

[CoolSculpting](#) is the #1 non-invasive fat reduction treatment in the world and the only FDA-cleared fat reduction treatment using controlled cooling. Also known as fat freezing, this treatment utilizes the science of Cryolipolysis to target fat cells and expose them to freezing temperatures. The fat cells will crystallize and rupture, rendering them useless. The body naturally processes these dead fat cells out as waste. Once fat cells are gone, they are gone for good and cannot return to the body. Fat freezing results are long-lasting and natural-looking. Best of all, CoolSculpting treatments are a convenient 35 minutes, involve no surgery, and require little to no downtime.

Emsculpt NEO

[Emsculpt NEO](#) is the first and only FDA-cleared treatment to both strengthen muscles while also burning fat. This innovative treatment combines radiofrequency (RF) and electromagnetic (HIFEM) energies to achieve dramatic body transformations not possible with one's own efforts. Emsculpt NEO is cleared to treat the four major muscle groups: the abdomen, upper arms, legs, and the buttocks. One 30-minute treatment delivers up to 20,000 supramaximal contractions (equal to 20,000 squats, crunches, etc. based on your treatment area). Emsculpt NEO is also an ideal non-surgical alternative to a butt lift. This impressive non-invasive treatment requires no downtime.

The Best CoolSculpting Chicago Provider

If you are considering fat freezing, finding the best CoolSculpting Chicago provider is important. When it comes to [CoolSculpting](#), only the best providers can deliver incredible results. CoolSculpting is a technique-sensitive, revolutionary treatment that tackles stubborn fat in almost any area on the body. Read on to learn more about freezing your fat, why choosing the best provider is so important, and how to find the best provider in Chicago.

Finding CoolSculpting Providers in Your Area

Millions of people throughout the world are choosing CoolSculpting to help reduce fat and stubborn bulges that resist diet and exercise. As CoolSculpting is the most popular non-invasive fat reduction treatment in the world, many more providers of this treatment have also grown in number. Not all providers are created equal. Sifting through the many providers listed in your area can be a daunting and challenging task. Luckily, there are tools and specific resources available to help you.

Understanding CoolSculpting

The first step to being able to choose the best CoolSculpting provider in Chicago is to understand what this treatment really is. CoolSculpting is a body contouring procedure that reduces stubborn bulges by freezing fat. Using the science of Cryolipolysis, CoolSculpting targets fat cells with controlled cooling. Fat cells exposed to freezing temperatures will crystallize and rupture; they will die. These fat cells will then be naturally removed from the body as waste. Once fat cells are gone, they do not have the ability to regrow or return. They are gone for good.

[Learn more: CoolSculpting FAQ >>>](#)

CoolSculpting

[CoolSculpting](#) is the #1 non-invasive fat reduction treatment in the world and the only FDA-cleared fat reduction treatment using controlled cooling. Also known as fat freezing, this treatment utilizes the science of Cryolipolysis to target fat cells and expose them to freezing temperatures. The fat cells will crystallize and rupture, rendering them useless. The body naturally processes these dead fat cells out as waste. Once fat cells are gone, they are gone for good and cannot return to the body. Fat freezing results are long-lasting and natural-looking. Best of all, CoolSculpting treatments are a convenient 35 minutes, involve no surgery, and require little to no downtime.

[Read real patient reviews for CoolSculpting >>>](#)

Knowledgeable CoolSculpting providers know this process very well and have experience in delivering optimal results to patients. Only the best providers can help you get the body results you are looking for with fat freezing.

Tips for Choosing the Best CoolSculpting Provider in Chicago

Here are some insider tips on how to choose the Best CoolSculpting Provider in Chicago:

Official CoolSculpting Website: The official CoolSculpting website houses lists of providers in your area. Simply input your zip code and click search. Your results will list the top selling CoolSculpting provider in your area. This is a good indicator of that provider's skill and experience.

[Search for Providers with Your Zip Code >>>](#)

Read Reviews and Client Testimonials: Reviews and client testimonials are priceless resources. These will give you an honest look from others on what you can expect from a particular provider and their practice. Reviews can often be found on the provider's website, google, social media, and more.

[Read Actual Patient Reviews >>>](#)

Before and After Pictures: CoolSculpting providers often have before and after photos of actual patients they have treated. These photos depict transformations patients have experienced and give you a first-hand look at what is possible with this provider's fat freezing treatments.

CoolSculpting Results Chicago: How to Get the Best Fat Reduction

CoolSculpting Results in Chicago with Forever Young Medspa prove that fat-freezing is effective for achieving slim, contoured figures. Take a look at [CoolSculpting before and after photos](#) and patient testimonials to get a taste of what you can expect. Consumers rave about the dramatic fat reduction results they get from CoolSculpting Elite treatments.

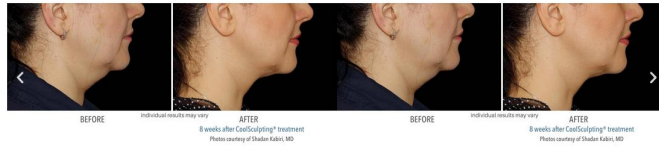

To top it off, CoolSculpting reviews in scientific journals found that this revolutionary treatment provides long-term fat reduction. This is not to say that everyone gets impressive results, though. Ensure you get the best fat-freezing results by selecting an experienced provider like Forever Young and ensure you are the ideal candidate.

Read on to see what [CoolSculpting Elite](#) can do for you.

[Learn more about Freezing Fat >>](#)

CoolSculpting Elite Before and After Pictures*

Reviews tell you that fat-freezing works. But there is nothing better than seeing those results for yourself. Check out the CoolSculpting Elite before and after photos of our real clients to envision what the treatment can do for you. Just like with other aesthetic treatments, personal results vary.*

[See more CoolSculpting Elite Before and After Pictures >>](#)

Clinical Studies on CoolSculpting Results

A plethora of scientific studies has shown that CoolSculpting works. "[Cryolipolysis for noninvasive body contouring: clinical efficacy and patient satisfaction](#)," published in the Journal of Clinical, Cosmetic, and Investigational Dermatology, found that "Cryolipolysis (reduces) subcutaneous fat at the treatment site by up to 25% after one treatment."

A longitudinal study proves that the results from this fat-freezing procedure are long-lasting: "[Longitudinal evaluation of Cryolipolysis efficacy](#)," published in The Journal of Cosmetic Dermatology studied CoolSculpting patients 9 years after their first treatment and saw that "local reductions in fat [after one CoolSculpting cycle] have significant longevity in these subjects and suggest that results from Cryolipolysis may be very long-lasting."

How to Get Stunning CoolSculpting Results

The first step to getting incredible CoolSculpting Results in Chicago is to select a skilled provider. Your specialist's technique impacts your results and overall experience. Since CoolSculpting Elite is new and very skill dependent, you want to shop for the most reputable provider. Cost is another consideration, but it should not be the sole deciding factor. Going for the cheapest option may lead to underwhelming results or post-treatment problems.

And Save Up to 33% off CoolSculpting Cost

Learn more about [CoolSculpting Elite](#)

Before committing to CoolSculpting, find out if you are a good candidate for the fat-freezing treatment. It works best for healthy people struggling with fat deposits and resisting exercise and diet. Contrary to widespread belief, it is not a weight loss treatment. People who are obese should avoid CoolSculpting. Quality providers like Forever Young offer free consultations to determine whether you are the right fit.

The Best CoolSculpting Near Me in Chicago

For unmatched CoolSculpting Results in Chicago, residents in Deerfield, Skokie, Chicago, Evanston, Glenview, Glencoe, Wilmette, Roger's Park, Northbrook, IL, choose Forever Young Medspa. As the leading CoolSculpting Elite provider, we only administer fat-freezing treatments to suitable candidates. You can count on our experienced specialists to use innovative fat-freezing technology to deliver the best results. Is CoolSculpting right for you? Find out by calling [\(224\) 415-3628](tel:224-415-3628) to book a free consultation.

How to Get Rid of Side Fat | Tips for Banishing Stubborn Fat

Getting rid of side fat is hard. Whatever the cause, stubborn love handles, saddlebags, and muffin tops can be difficult to eliminate. Side fat is common among many people, even health-conscious adults. It typically manifests because of a few factors like genetics, hormones, and diet. In addition, having excess fat around the waistline can damage an individual's self-esteem and confidence.

Are you wondering how to get rid of side fat? Continue reading to learn effective ways to banish stubborn side fat like utilizing healthy lifestyle choices and a [non-invasive body contouring with CoolSculpting](#).

What is Stubborn Fat?

Why do fat bulges not respond to regular exercise and a clean diet? When people reach adulthood, the distribution of fat cells becomes fixed. As a result, women often see their fat accumulate in the hips, thighs, and butt. This is no coincidence, though. Fat placement in women's bodies creates an energy reserve to prepare them for childbearing. Men notice their fat in the chest, belly, and flank regions.

[Learn about Non-Invasive Fat Reduction Treatments >>](#)

Exercises for Tackling Side Fat

Unfortunately, side fat is not something you can "spot treat." To reduce side fat, you must lose weight all over your body. Cardio exercise is a fantastic way to burn fat. It helps you lose body fat and tone the physique. Examples of cardio include running, biking, dancing, aerobics, boxing, and kickboxing.

In addition to cardio, try these exercises to target the midsection:

- Russian twists
- Planks
- Mountain climbers
- Side planks
- Woodchoppers
- Abdominal scissors

When performing these, use proper form to avoid injury. Before starting a new exercise program, it is smart to consult with your doctor.

Clean Eating to Reduce Side Fat

Working out regularly is imperative for good health, but it is not enough on its own. Eating healthy, nutritious foods is just as essential. When you combine the two, you have a better chance of reducing side fat, tightening your core muscles, and getting your dream body. Need some ideas on how to start?

- Try a plant-based lifestyle where you eat many fruits and vegetables
- Avoid sugary foods and refined carbohydrates
- Stay away from processed foods and unhealthy fats

CoolSculpting Elite for Side Fat

Do you still struggle with eliminating side fat even after dietary changes and exercise? CoolSculpting Elite may be the solution for you. It is the leading non-invasive fat-reduction treatment using cooling technology (link to Cryolipolysis article) in the world. The revolutionary treatment utilizes the powerful controlled cooling to freeze stubborn fat cells. When these unwanted cells die, the body naturally processes them out of the body via the lymphatic system.

CoolSculpting results are long-lasting and natural-looking. Consumers enjoy the procedure because they get outstanding results without an invasive surgery or enduring a lengthy recovery.
