FINDING THE BEST COOLSCULPTING IN SILVERLAKE | CHOOSING YOUR PROVIDER

Finding the best CoolSculpting in Silverlake is more than shopping around for the lowest cost. The fat freezing treatment is a technique sensitive procedure. This means that the person performing the body sculpting treatment affects your results.

Learn how to find the best CoolSculpting provider near you to ensure your investment is in safe hands.

TIPS FOR FINDING THE BEST COOLSCULPTING PROVIDER IN SILVERLAKE

Customers that shop around for the cheapest CoolSculpting Silverlake provider are often misinformed about the fat freezing treatment. While some providers may offer special discounts, prices are relatively the same, no matter who you choose to get CoolSculpting from. This is because Alargan, the makers of CoolSculpting, determines how much a provider can charge per treatment. Therefore, regardless of where you get the body sculpting from, the prices are more or less the same.

DETERMINING WHICH COOLSCULPTING PROVIDER IN SILVERLAKE IS BEST FOR YOU

A much better way to find the best CoolSculpting in Silverlake is to shop around for quality. You want a provider who:

- **Is knowledgeable in the art of body sculpting** – many medical spas are new to the world of non-invasive body contouring. They typically offer CoolSculpting along with numerous other treatments like Botox, laser skin resurfacing or facials. This is not a bad thing, but the lack of specialization may signal a lack of expertise in the art of body sculpting.
- **Has experience and expertise performing the CoolSculpting treatment** – Experience is particularly important when performing this technique sensitive procedure. Ask your potential provider how many treatments they have completed. Some providers of CoolSculpting in Silverlake, like Sculpt DTLA, have performed thousands of fat freezing procedures. They offer their customers unparalleled experience, and the difference is evident in their *before and after* results.
- **Is equipped with the latest fat freezing technologies** – The new CoolSculpting applications are a design upgrade from the old applications. Not only does the new collection line treat more areas, it also decreases treatment time to 35-minutes and improves procedural comfort and recovery.
- **Prioritizes patient safety and satisfaction above all else** – CoolSculpting is not for everyone. If you are not a good candidate, you may be dissatisfied with your results. Ensure you choose a reputable provider to receive a consultation from. You want someone who will tell you the truth, not make a sale.

WHY CHOOSE SCULPT DTLA FOR COOLSCULPTING IN SILVERLAKE?

When searching for the best CoolSculpting in Silverlake, discerning patients choose Sculpt DTLA for many reasons.

Experienced body sculptors: At Sculpt DTLA, we specialize in the art of body contouring.

State of the art facility with advanced fat freezing technologies: Sculpt DTLA is a high-end body contouring facility. Not only do we have the latest CoolSculpting applications, but we also offer clients the option of CoolSculpting Dual Sculpting treat a person using two CoolSculpting machines at once. This doubles the results in half the time.

Unmatched Expertise: Many other CoolSculpting providers in Silverlake delegate this technique sensitive procedure to their estheticians. Estheticians lack medical training. Having a medical background is critical for determining the client's candidacy for the fat freezing procedure. At Sculpt DTLA, our CoolSculpting technicians are Registered Nurses with extensive medical training.

Unparalleled Experience: As the premier CoolSculpting provider in L.A., we have performed thousands of CoolSculpting treatments. This experience ensures our clients receive the most optimal results possible.
