

Bridal

We are passionate about love and beauty - the essence of your wedding day and the most romantic day of your life. Whether your style is classic or avant garde, casual or glamorous, our bridal artists are trained to account for the many nuances that will determine not only how you look in person, but also in photos that will last a lifetime. We welcome bridal parties of all sizes at our salon or for onsite services.

Balayage is a highlighting **Technique**

The word “balayage” is a French word meaning “to sweep” or “to paint.” It is a technique for dyeing hair in which the dye is hand painted onto the hair to give it a natural, gradual transition with no obvious or harsh lines. Balayage uses various tones of light and dark to create multiple dimensions of color, leaving your hair with a blended, natural, sunkissed glow.

Each color service begins with a complete consultation and hair analysis

Single Process

Each color service begins with a complete consultation and hair analysis. Looking to change your hair color to one solid color? This is the service for you. An All over color entails one solid color, usually a permanent or a semi-permanent.

Keratin Treatment

Keratin is a protein rich treatment which restores hair to its pristine condition. It does not change the genetic makeup of hair. Rather, it makes hair more manageable, easy to style and frizz free. Each treatment begins with a complete consultation and hair analysis,

RESTORATIVE OLAPLEX TREATMENT

A Restorative Olaplex treatment is used to strengthen hair that has been damaged by previous chemical treatments, heat, and other factors. This treatment will leave your hair feeling luxurious and help reverse the damage of color services. Each treatment begins with a complete consultation and hair analysis,

Haircutting

Each haircut begins with a complete consultation and hair analysis, followed by a magnificent shampoo and relaxing scalp massage. After your cut, we finish with a technical blow dry style and our recommendations for at home hair care

Bartering

A skilled barber cut using a combination of clippers and scissors. Includes consultation, scalp massage, and hot towel
