

Plasma Facials

Reverse the signs of aging and rejuvenate the skin using your body's own healing properties

BOOK NOW

Plasma Facials in St. Petersburg, FL

Do you want to use the power of your own body's healing mechanisms for anti-aging? Plasma injections can help restore facial youth and vitality. Plasma has growth factors derived from your own blood to help with anti-aging. Thus, this treatment helps minimize wrinkles, strengthens skin, and diminishes pigment, reducing fine lines and sun damage.

What is the treatment like?

The first step will include washing and numbing the face. Then your blood will be drawn from your arm, the blood will then be placed in a centrifuge. The blood will be spun two times for several minutes. At that point, the red blood cells will drop to the bottom of the tube, and the plasma will be at the top of the tube. (This is the gold serum). That serum will then be extracted from the tube and injected into the areas where you need it most. These areas can include under the eyes, smile lines, and acne scars. Recovery is virtually non-existent as it is a non-surgical procedure, with usually only slight tenderness for a day or two in the areas treated. Bruising and swelling may occur post injections but will heal quickly.

How many treatment sessions will be needed?

Treatment sessions can vary from patient to patient, depending on treatment areas and goals desired. Generally, there are 3 treatment sessions recommended for an area, approximately 4-6 weeks apart.

What is the cost of the treatment?

The treatment cost is \$599 per session. Please call our office regarding packages and specials for this procedure.

Using Amniotic Tissue allograft in combination with treatments

As part of the body's healing ability, growth factors respond to tissue injury and initiate and promote the conditions for healing. This is used for many conditions, including fine lines, wrinkles, melasma, and pigmentation, as well as hair loss. We offer amniotic tissue and human biologic-derived growth factors as an upgraded topical infusion with our microneedling and injection treatments for a more impactful anti-aging treatment.

Minky B.

★★★★★

Though I was nervous about my procedure, management and staff brought a lighter image my way that made my time at Water's Edge remarkable. Nurse Judy is AMAZING! God Bless you all.

Del G.

★★★★★

I have enjoyed my experience with Waters edge medical, they are taking a personal interest in me and helping me get through my neuropathy issue. I still have a ways to go but I'm sure and have confidence they will continue to help me.

Randy N.

★★★★★

Great help for my neuropathy. Very compassionate and caring staff.
