## Neck Pain Causes

- Pinched Nerves
- Poor Muscle Tone
- Infection
- Tumors
- Degeneration Of The Cervical Vertebrae

- Sprain Or Strain Of Nearby Muscles And Ligaments
- Trauma (E.G., Fractures And Injuries)
- Strenuous Or Repetitive Activities
- Poor Posture And Sleeping Position

## There May Be Hope for You

Neck pain is caused by damage or injury to the cervical vertebrae in your neck. This area is injury-prone because it is subject to constant daily movement. Neck pain may be acute (sudden and intense but generally subsides over time) or chronic (long-term pain that can be intermittent or continuous). If you have any of these common symptoms, you most likely have a problem with your cervical spine.

- Sharp, Dull, Or Burning Over The Whole Area Or In A Single Spot
- Numbness Or Tingling Sensation
- Stiffness Or Aching Along Your Cervical Spine
- Shooting Pain
- Chronic Ache While Sitting For Long Periods

## Severe Neck Pain Treatment

## Testimonials

**Del G.**  
★★★★★  
I have enjoyed my experience with Waters edge medical. they are taking a personal interest in me and helping me get through my neuropathy issue. I still have a ways to go but I'm sure and have confidence they will continue to help me.

**Randy N.**  
★★★★★  
Great help for my neuropathy. Very compassionate and caring staff.

**MA**  
★★★★★  
I love this office. The staff are so warm and empathetic. I received help with my muscle spasms and inflammation. Would return to the office for treatment if needed. I highly recommend this office and treatments.
